Tanaza

Why Tanaza?

About Tanaza

"Our mission is to make any Wi-Fi network cloud manageable"
Sebastiano Bertani, CEO

Tanaza is a dynamic start-up, founded in 2010 by Sebastiano Bertani.

The innovative technology developed by Tanaza allows professionals to manage Wi-Fi networks remotely, from the Cloud.

Company's mission is to make Wi-Fi network management easy and affordable, which is why the Tanaza software is completely Cloud-based and does not require the use of any expensive hardware controllers.

Tanaza envisions a world where any person and any object are connected, anytime, anywhere, wirelessly.

Tanaza aims to be a significant player in a world where networks provide smart information in real time.

Life @ Tanaza

- Tanaza is located in Uffici Porta Volta, in Milan's city center

- The offices are near Piazza Gae Aulenti's Skyscrapers, the famous Bosco Verticale, the fashionable Corso Como and Milan's Chinatown.

- "Tanazers" like the diversity of this neighborhood.

- The office has a great position as it is easy to reach with public transport, near to shops, and full of restaurants for the lunch break!
